Flue-Cured Tobacco Marketing Card Report

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A

Background

9-TB SCOAP provides that 2 or more MQ-76's or MQ-76-C's may be issued simultaneously for a farm **only** if the operator instructs that different cards be issued for individual producers. This provision does not apply to supplemental cards issued to the same producer. Supplemental cards are issued at a producer's request if a new card is needed to complete that producer's marketing of tobacco, and then only after the used card has been returned to the County Office.

Some sales locations have reported instances of damaged or incorrectly printed or embossed marketing cards being presented by producers.

B

Purpose

This notice provides:

- instructions for monitoring compliance with 9-TB SCOAP, paragraph 672
- instructions for notifying TPD of damaged or incorrectly manufactured marketing cards
- a form for use in reporting both set of circumstances.

Disposal Date

January 1, 2002

Distribution

Flue-Cured Tobacco State Offices; State Offices relay to applicable County Offices

Notice TB-1009

2 Action

A

Marketing Recorder Action

Each sale day, the marketing recorder shall use the form in Exhibit 1 to report:

- each instance of multiple cards that are presented in the name of 1 producer
- any incorrectly manufactured card that is presented for use in the marketing of tobacco and attach a photocopy of each such card to the form.

Note: Multiple cards presented by the same producer when 1 card carries 100 percent of effective quota and the other card carries 3 percent of effective quota, do **not** need to be reported.

B

County Office Action
